## Why Join

- You will have a say in your community, influence outcomes and become part of a vibrant organisation.
- You will be able to vote at Annual General Meetings on proposed resolutions and nominations for committee positions.
- You will be better informed on what is happening in your suburb and in turn increase your ability to influence outcomes.
- It is also important that we demonstrate as a community that we are actively involved in shaping and influencing the direction of our community to achieve the best outcomes from government planning and programs. Governments will listen when there is significant number of active and committed residents.
